

Summit Park Thematic Investment Campaigns | 2026

Summit Park proactively targets investment opportunities in **defined industry subsectors** where our experience and relationships enable us to partner with management teams to drive **meaningful value creation**. Our professional network includes experienced **industry executives** whose expertise can provide valuable guidance as an advisor at the board level, as well as in the sourcing, diligence, and value creation efforts of our investments.

Critical Power and Electrical Services

Seeking to invest in service providers offering testing, repair, maintenance and/or distribution of mission critical power and electrical equipment

- Customer facilities include data center, hospital, utility, and commercial and industrial with high cost of downtime
- Equipment includes UPS, generators, switchgear, breakers, transformers, panels, motors, etc.
- Interest in field- and shop-based technician bases

Sub-Sectors of Interest:

- Backup Power Services (Generator & UPS)
- NETA Electrical Testing & Services
- Electric Motor Services

Overhead Door and Dock

Seeking to invest in providers of overhead door and dock services with a core focus on commercial applications

- Targeting companies that provide turnkey customer solutions including preventative maintenance, repair and replacement services
- Focus on businesses with diversified customer base and expansive technician workforce

Sub-Sectors of Interest:

- Commercial and Industrial Overhead Door Services
- Loading Dock Equipment and Controls
- Preventative Maintenance and Safety Inspection Program

Bakery Manufacturing

Seeking opportunities to invest in food manufacturing businesses with a focus on bakery ingredients and finished goods

- Targeting companies with branded, private label and co-manufacturing opportunities
- Business models with in-store bakery, food service, c-store
- Delivery capabilities in frozen, par-baked or fresh (DSD)

Sub-Sectors of Interest:

- Baked goods
- Breads, buns, dinner rolls, bagels and English muffins
- Cookies, crackers, crisps

Specialty Distribution

Actively pursuing niche, specialty distribution platforms with technical expertise and value-add offerings

- Targeting businesses with critical product assortments and services (kitting, packaging, VMI, etc.)
- Product focus on equipment maintenance and industrial consumables (gaskets, fasteners, seals, valves, etc.)

Sub-Sectors of Interest:

- Industrial consumables (fasteners, seals, etc.)
- Safety products
- Valves and pumps

Water Mitigation and Restoration

Seeking to invest in the water mitigation and restoration industry with a primary, but not exclusive, focus on the residential end market

- Goal to build an integrated, multi-geography platform focused on the Eastern half of the US through organic growth and M&A
- Focused on companies with re-occurring mitigation work and follow-on restoration services with less catastrophe-driven revenue

Sub-Sectors of Interest:

- Residential water mitigation and restoration services

Additional Sectors of Interest:

- Test and Measurement
- Professional Services
- Residential Services
- Training & Compliance
- Foodservice Equipment Repair
- Fleet Maintenance
